

**FAIRWINDS**  
GOLF CLUB

## Membership Information

### Memberships

A Granite Membership is a transferable membership. It can be bought and sold on the open market and its price is fixed by the owner. Current market prices are approximately \$5,000 for a single membership and \$10,000 for a couple membership. Each transfer of title attracts a transfer fee of \$750 + applicable taxes. Memberships are also subject to annual dues per below.

When a transfer of membership takes place, both purchaser and seller are required to sign a transfer form. The purchaser must make payment to the seller for the membership, and to the Golf Club for the transfer fee. The seller must surrender their Granite Membership certificate to the Golf Club, and the purchaser will then be issued a new certificate.

### Annual Passes

Fairwinds offers Annual Passes as an alternative to purchasing a Granite Membership. It currently provides you with similar privileges associated with the Granite Membership described above, including advanced tee time booking, access to our men's and ladies' days, and other member functions.

Since no initial investment is required, the annual fees are approximately \$600 higher than that of a single membership (see below). However, financing options and payment plans may be available. Please inquire for further details.

### Loyalty Program

Fairwinds members earn 10% in loyalty dollars\* on the purchase of many of our products and services. Loyalty dollars can be applied to future purchases, including annual fees. (*Subject to change at the discretion of the management.*)
